

*National sports funding has been spent well. It has been used, for example, to improve the proficiency of staff in teaching skills in specialist activities, such as gymnastics, and to increase pupils' participation in a wider range of sports and competitions. Actions taken have been evaluated, using a range of criteria, to assess the impact on pupils' health and well-being. For example, balance bike training has enabled many younger pupils to cycle competently by the end of the programme.*

**Ofsted Inspection Team, (14-15 January 2015)**

This year we have been allocated £17,750. This funding has been directed towards promoting, developing and sustaining healthy active lifestyles and wellbeing across all year groups, alongside interlinking physical development across the curriculum. All PE specialists will support the children and adults to learn and develop a variety of skills, strategies and subject knowledge. We are accomplishing these aims through a variety of approaches and support including:

<b><u>Provision</u></b>	<b><u>Pupils / Adults Involved</u></b>	<b><u>Impact</u></b>
